

Miraculous Medal Suggested Activities Sheet

Activity One

Help the students to build a small shrine area to Mary with the Miraculous Medals, prayer cards, and other items available.

Activity Two

Have the students describe the rays of grace streaming from Mary's fingers. Use one image (provided) or make individual copies for each student. Have the students use yarn (may be of different colors to represent the different gems) and have them write the graces they believe Mary offers for those who wear the Miraculous Medal.

Activity Three

Have each student draw or color a candle. Then cut it out. On the back of the candle, each student should write or print the name of a person they want to pray for or an intention that they want to place before Mary. Then pray the Novena prayers as a class. This can be done at the beginning or end of the classroom period.

Activity Four

Have students fill out Petitions or Favors received form (provided) and place in a special box before the statue of Mary. This can be done before or after saying the Novena prayers.

Activity Five

Have the students write a short prayer; or compose a song describing Mary's love for all her Son's disciples.

Activity Six

Have students pick out their favorite songs to Mary and sing it for that class period as part of the Novena prayer.

Write Your Petitions to Our Lady of the Miraculous Medal below:

Peace on Earth/ No more War _____

Pray for our Soldiers _____
